

HPAC Ambassador Panel - Service
Tuesday Dec. 1st 6-7pm
Samantha; Sommer; Gabriella

Purpose of Service: Healthcare is a service oriented profession. Those that have served others previously are more likely to continue serving others once in their ultimate career. There is no “right way” to serve a community - instead each person will serve in a meaningful way for *them*.

Questions to consider before joining a club/org:

Why am I getting involved in this organization?

What do I expect to do through this org/what will my duties be?

What do I expect to gain/develop through my involvement in this org?

Health related service programs: Serving patients and communities in a health related way, but *not* directly at the bedside delivering hand-on patient care like with COPE
